Honorable President and Members
of the Board of Education
Township of Franklin Board of Education
Franklinville, New Jersey 08322

Dear Board Members/Citizens,

It is with pleasure that we submit the Comprehensive Annual Financial Report (CAFR) of the Township of Franklin School District (District) for the fiscal year ended June 30, 2014. This CAFR includes the District's Basic Financial Statement prepared in accordance with Governmental Accounting Standards Board Statement 34. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The CAFR is presented in four sections as follows:

- ◆ The Introductory Section contains a Table of Contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the School District;
- ◆ The Financial Section begins with the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the School District's financial position and operating results, and other schedules providing detailed budgetary information;
- ◆ The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the District, generally presented on a multi-year basis; and
- ◆ The Single Audit Section - The District is required to undergo an annual audit in conformity with the provisions of the Single Audit Act of 1986, as amended, the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations," and the State Treasury Circular Letter 04-04 OMB "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid." Information related to this single audit, including the independent auditors' report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, is included in the single audit section of this report.

REPORTING ENTITY AND ITS SERVICES

The Township of Franklin School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14. All funds of the District are included in this report. The Township of Franklin Board of Education and all its schools constitute the District's reporting entity.

The District continues to maintain a high quality of education. The District provides a full-range of programs and services appropriate to grades pre-K disabled through 6. These include regular education, programs for the very able students (gifted and talented), as well a special education for handicapped children in- and out-of-district. Three elementary schools comprise the district's facilities.

Supervising district-wide goals is a superintendent, a school business administrator/board secretary, a curriculum supervisor, and a supervisor of special services. Technology services are contracted through the Delsea Board of Education as a shared service. Each of the three elementary schools has a principal.

The Board of Education, comprised of nine members, each elected to three-year terms, meets on the third Wednesday of each month for its regular board meeting (with some exceptions) and one time a month for committee meetings. During its committee meetings and board meeting, the board determines district goals and priorities and conducts the business of the Board of Education. Board meetings are open to the public and begin at 7:00 p.m.

PTAs are highly active in the District and provide community support for a variety of programs and activities for the children. To maintain effective communications, each school produces newsletters and the district maintains a website. Each of the schools follows district-wide goals and educational approaches in the teaching of children, while maintaining a unique personality that makes up that particular school. All curricula in our District have been aligned to the New Jersey Core Curriculum Content Standards/Common Core State Standards.

In July 2014, the New Jersey Department of Education released its Taxpayer's Guide to Education Spending for all school districts in the state. The guide compares districts with those who are similar in enrollment/configurations. The information on expenditures was taken from certified budgets on file with the State Department of Education. This report shows that the district spends \$16,401 per pupil while the average costs for similar districts are \$18,891. According to the report, per pupil costs range from a low of \$ 12,585 to a high of \$ 30,178 across the state. Of the 62 other K-6 school districts in the state, the Township of Franklin School District ranked fifteenth lowest in total cost per pupil.

Elementary Schools

Currently there are four elementary schools (Mary F. Janvier, Lake School, Main Road, and Caroline L. Reutter) that offer students in grades Pre-Kindergarten through 6 a comprehensive educational program.

Mary F. Janvier School – a Pre-Kindergarten to Grade 2 school of 606 students. There is one principal and a staff of 53 teachers and classroom teacher aides/one to one assistants. The school is located on 1532 Pennsylvania Avenue.

Lake School – up through June 2010, this location housed the preschool disabled and inclusion program. From 2010-11 through 2013-14 school year, this program was housed at Main Road School. Effective 2014-15, this program is housed at the Mary F. Janvier School.

Main Road School - grades 3-4 school of 392 students. There is one principal and a staff of 38 teachers and classroom teacher aides/one to one assistants. The school is located on 1452 Main Road.

Caroline L. Reutter School - a grades 5-6 school of 437 students. There is one administrator and a staff of 43 teachers and classroom teacher aides/one to one assistants. The school is located on 2150 Delsea Drive.

Special Education

The Special Education program is an integral part of each school. In the 2013-14 school year, there were approximately 242 students classified as eligible to receive special education and related services, including 23 students who were placed in out of district settings. The district offers a number of special education programs including in-class resource or co-teaching, pull-out resource as well as self-contained classrooms. The district also offers related services including counseling, speech therapy, occupational therapy and physical therapy.

Core Curriculum Contents Standards

Our district curriculum has been aligned with the revised New Jersey Core Curriculum Standards/Common Core State Standards, according to state-defined timelines.

Staff Development

The Township of Franklin School District provides its teaching staff with many opportunities for professional development. In the beginning of the school year, all newly hired teachers are afforded the opportunity to participate in the Beginning Teacher Induction Program sponsored by Rowan University. The program encompasses training in instructional strategies, classroom management, curriculum, mentoring, and parent conferencing. Mentors are assigned to new staff members to provide support throughout the school year.

Professional in-service days are built into the school calendar to enable teachers to attend sessions related to instructional strategies, curricular updates, text orientation, and district-wide grade level meetings. Teachers are also afforded the opportunity to participate in various in-district workshops related to their PDPs and/or areas of interest.

Technology

District-wide technology is used to increase productivity, to enhance communication, and to enrich curriculum and instruction. Every classroom, computer lab and office in all three schools and the administration building are linked together in local and wide-area networks. All administrators and teachers, and some of the support staff have access to computers, printers, email accounts and the Internet within their work areas. To assist teachers in presenting lessons and resources, the district has provided 5 computers in each classroom, a Smart board and projector in each core subject classroom, and a full computer lab in each school.

Pupil Enrollment

The district completed the 2013-14 fiscal year with an average daily enrollment of 1,384.9 students. Enrollment has declined nearly five percent over the past five years. The following details the changes in the student enrollment of the district over the last five years. The table presents the actual historical pupil enrollment as of October 15, for the school years 2009-10 through 2013-14.

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2013-14	1,384.9	-1.51%
2012-13	1,406.1	1.29%
2011-12	1,388.2	-2.53%
2010-11	1,424.2	0.65%
2009-10	1,415.0	-2.55%

ECONOMIC CONDITION AND OUTLOOK

Overall enrollments have remained steady from 2013-14 to 2014-15.

GOALS, OBJECTIVES AND ACHIEVEMENTS

Mary F. Janvier School

- **Objective:** By the spring of 2014, a minimum of 70 percent of Grade 1 and 2 students in Mary F. Janvier Elementary School will demonstrate appropriate independent reading level growth as measured by a minimum increase of two DRA levels as indicated by the use of DRA2.
- **Achievements:** Teachers adapted their instruction towards a centers-based approach that emphasized differentiation, guided reading in leveled small groups, and formative assessment. These items were documented during administrative observation and in lesson plans. Additionally, teachers articulated in team meetings and were receptive towards the recommendations of the Principal, Curriculum Supervisor, Reading Specialist, and Reading Coach. As a result, 96.9 percent of the identified students improved their independent reading level growth by a minimum of two DRA levels.

- Objective: By the spring of 2014, 50 percent of the lowest performing 25 percent of Grade 1 students as determined by the NJDOE Unit 1 Math Assessment will improve their fundamental Math skills as indicated by a minimum 25 percent increase based on the averages of the NJDOE Unit 2, 3, and 4 Assessments.
- Achievements: Teachers adapted their instruction towards a centers-based approach that emphasized differentiation and formative assessment as documented during administrative observation and in lesson plans. Additionally, teachers articulated in team meetings and were receptive towards the recommendations of the Principal, Curriculum Supervisor, and Math Coach. As a result, 92.8 percent of the goal-specific group of students improved their fundamental Math skills by the targeted amount.
- Objective: By the spring of 2014, a minimum of 70 percent of Kindergarten students will increase their letter naming fluency by 10 additional letters in one minute as measured by pupil performance on the Unit 4 Assessment when compared with their performance on Dibels entrance testing.
- Achievements: Teachers adapted their instruction towards a centers-based approach that emphasized differentiation and formative assessment as documented during administrative observation and in lesson plans. Additionally, teachers articulated in team meetings and were receptive towards the recommendations of the Principal, Curriculum Supervisor, Reading Specialist and Reading Coach. As a result, 94.8 percent of the identified students improved their letter naming fluency by 10 additional letters in one minute as measured by their performance on the Unit 4 Assessment.

Main Road School

- Objective: Attain the state-specified annual progress target of 70.7 percent proficiency on the Language Arts Literacy portion of the NJ ASK. The school will also attain the AMO for each subgroup.
- Achievement: Although we did not meet the progress targets for the English Language Arts portion of the Spring 2014 NJASK, we did show growth in the area of our Students with Disabilities with a rise from 32.7 percent Proficiency to 33.4 percent Proficiency. Our Economically Disadvantaged students also showed significant growth with a rise from 40.9 percent to 44.6 percent.
- Objective: Attain the state-specified annual progress target of 84.4 percent student proficiency on the mathematics portion of the NJ ASK. The school will also attain the AMO for each subgroup.
- Achievement: Although we did not meet the progress targets for the Mathematics portion of the Spring 2014 NJASK, we did show growth in the area of our Economically Disadvantaged students with a rise from 68.2 percent Proficiency to 69.5 percent Proficiency.

Caroline L. Reutter School

- Objective: Attain the state-specified annual progress target of 81.8 percent student proficiency on the Mathematics portion of the NJ ASK. The school will also attain the AMO for each subgroup.
- Achievement: The Caroline L. Reutter School had a proficiency rating 84.6% in the area of Mathematics on the 2013 NJ ASK, thus exceeding the NJ DOE target. All subgroups met their targets.

- Objective: Attain the state-specified annual progress target of 69.6 percent proficiency on the Language Arts Literacy portion of the NJ ASK. The school will also attain the AMO for each subgroup.
- Achievement: The Caroline L. Reutter School had a proficiency rating of 68.0% in the area of ELA on the 2013 NJ ASK, which lies within the confidence interval. All subgroups either met or were within the confidence interval.

PROFESSIONAL DEVELOPMENT ACTIVITIES

District personnel participated in a variety of professional development activities in accordance with the Township of Franklin's Professional Development Plan that incorporates district and school goals. Activities were also relevant to individual professional development plans, student achievement needs, curriculum development and content standards:

- Tuition reimbursement was provided to teachers for graduate course work.
- Grade level meetings were conducted district wide to implement district initiatives and to improve programs.
- Vertical articulation meetings within our district and with our constituent districts were held to discuss curriculum and standards.
- Teachers provided turnkey training and developed their own workshops in areas of expertise.
- All employees received school security and Harassment, Intimidation and Bullying training as well as other state mandated trainings.
- New teachers were provided with an in-district New Teacher Orientation that focused on district technology systems and effective instructional techniques.
- Specific teacher development included, but was not limited to:
 - Co-Teaching
 - RTI
 - DIBELS and DRA2 reading assessments and instruction
 - Differentiated instruction
 - Integration of technology into instruction
 - Using data to make decisions
 - Small group instruction

Achievements

Most subgroups of students in Caroline L. Reutter School and Main Road School achieved performance targets in mathematics and elementary language arts. All grade levels have implemented the NJ Model Curriculum and unit assessments in the areas of mathematics and language arts to further assist in guiding instruction for individual students. Franklin Township is finishing the installation of Smart Boards in the few remaining district classroom without them and increasing the integration of technology with five computers in each classroom facilitating small group instruction.

INTERNAL ACCOUNTING CONTROLS

Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the District is also responsible for ensuring that an adequate internal control is in place to ensure compliance with applicable laws, regulations, contracts and grants related to those programs. This internal control system is also subject to periodic evaluation by the District management. As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

BUDGETARY CONTROL

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved, as needed, for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at fiscal year end.

CASH MANAGEMENT

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements," Note 3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability, and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds and worker's compensation. A schedule of insurance coverage is found in J-20.

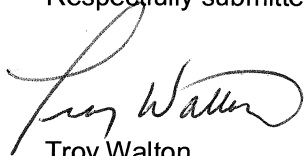

OTHER INFORMATION

Independent Auditor - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nightlinger, Colavita and Volpa was selected by the Board to perform the audit. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet requirements of the Single Audit Act of 1996, as amended, and the related OMB Circular A-133 and the New Jersey OMB Circular 04-04. The auditors' report on the basic financial statements as well as both the required and other supplementary information is included in the financial sections of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.

ACKNOWLEDGMENTS

We would like to express our appreciation to the members of the Township of Franklin School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our bookkeeping and secretarial staff.

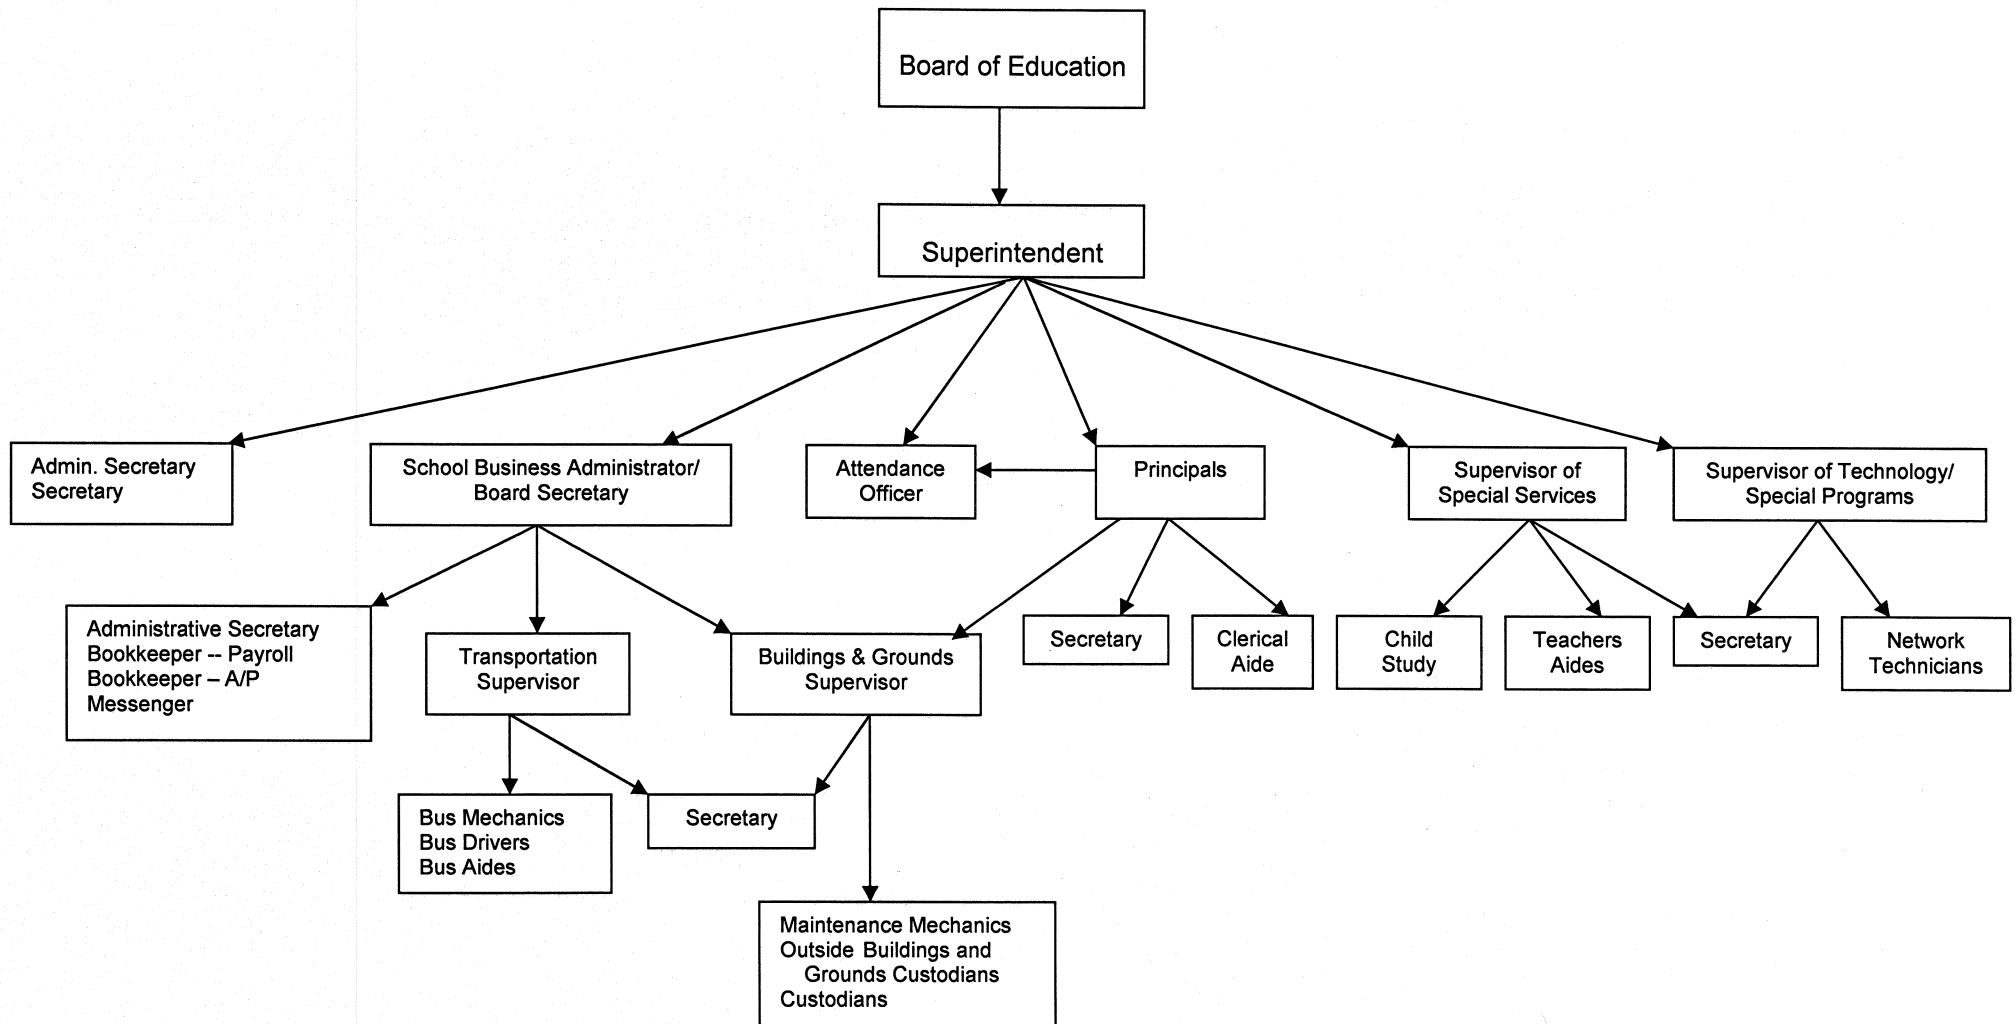

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Township of Franklin School District
County of Gloucester
Franklinville, New Jersey 08322

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Township of Franklin School District in the County of Gloucester, State of New Jersey, as of and for the fiscal year ended June 30, 2014, which collectively comprise the Township of Franklin School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Township of Franklin Board of Education in the County of Gloucester, State of New Jersey, as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

New Accounting Standards

As discussed in Note 2 to the financial statements, during the fiscal year ended June 30, 2013, the School District adopted the following new accounting standards issued by the Governmental Accounting Standards Board (GASB): Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position and Statement No. 65, Items Previously Reported as Assets and Liabilities. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

The Management Discussion and Analysis and Budgetary Comparison Information on pages 14 through 22 and 54 through 59 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures, to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Franklin Board of Education's, financial statements as a whole. The introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedure applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy For Recipients of Federal Grants, State Grants and State Aid*, respectively, and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards and state assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated November 19, 2014 on our consideration of the Township of Franklin Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

REQUIRED SUPPLEMENTAL INFORMATION - PART I

**Township of Franklin School District
Management's Discussion and Analysis
for the Year Ended June 30, 2014**

UNAUDITED

The discussion and analysis of the Township of Franklin School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2014. The intent of this discussion and analysis is to look at the School District's financial performance as a whole. Readers should also review the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2014 are as follows:

- General revenues accounted for \$19,704,534.47 in revenue or 87.5 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital gains and contributions accounted for \$2,808,168.95 or 12.5 percent to total revenues of \$22,512,703.42.
- The School District had \$21,654,073.69 in expenses; only \$2,808,168.95 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes and unrestricted governmental aid) basically provided for these programs.
- The General Fund had \$20,950,093.20 in revenues, \$19,929,949.55 in expenditures and (\$13,646.00) in net other financing uses. The General Fund's balance increased \$1,006,497.65 over 2013.
- Total assets of governmental activities were \$15,919,665.08. Capital assets made up 71.8 percent of all assets or \$11,443,130.10. The total Net Position of governmental activities was \$13,265,059.34.

Using This Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Township of Franklin School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole school district, presenting both an aggregate view of the School District's finances and a longer view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of the Township of Franklin School District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially in 2014?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes in to account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's Net Position and changes in those assets. This change in Net Position is important because it tells the reader that, for the school district as a whole, the financial positions of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

- **Governmental Activities** - All of the District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- **Business-Type Activities** - This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The Food Service Enterprise Fund is reported as a business-type activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major (all) funds begins on page 25. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the General Fund, Special Revenue Fund, Capital Project Fund and Debt Service Fund.

Governmental Funds

The District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides.

**Township of Franklin School District
Franklinville, New Jersey**

Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the District as a whole.

Governmental Activities

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the District operations. Property taxes made up 49.3 percent of revenues for governmental activities for the Township of Franklin School District for fiscal year 2014. Federal, state and local grants accounted for another 44.6 percent. The District's total Governmental Fund revenues, excluding the Enterprise fund, were \$19,704,534.47 for the fiscal year ended June 30, 2014.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Comparisons to 2013 are also shown below.

Instruction expenses include activities dealing directly with the teaching of pupils and the interaction between teacher and student, including extracurricular activities. Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development. General administration, school administration and business include expenses associated with administrative and financial supervision of the District. Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public. Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law. Extracurricular activities includes expenses related to student activities provided by the District which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement. Interest and fiscal charges involve the transactions associated with the payment of interest and other charges related to debt of the District. Other includes unallocated depreciation and amortization.

Business-Type Activities

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- Total food service expense of \$624,262.63 was \$8,966.90 more than program revenues.
- Charges for services were \$272,088.67 categorized as program revenue. This represents amounts paid by patrons for daily food services.
- Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities were \$343,207.06.

The School District's Funds

These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) had total revenues of \$21,910,613.69 and expenditures of \$23,101,043.22 with net additional financing uses of \$13,206.00, representing the transfer to Charter Schools. The net decrease in fund balance for the year was \$1,203,635.53. This was due to Capital Expenditures of \$2,227,424.35, along with a combination of revenues in excess of expenditures of \$1,023,788.82 in the general fund. As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds (excluding capital projects) for the fiscal year ended June 30, 2014, and the amount and percentage of increases and decreases in relation to prior year revenues.

**Township of Franklin School District
Franklinville, New Jersey**

Revenue	Amount	Percent of Total	Increase/ (Decrease) from 2013	Percent Increase (Decrease)
Local Sources	\$ 10,920,998.67	49.84%	\$ 100,116.41	0.93%
State Sources	10,224,779.73	46.67%	54,512.43	0.54%
Federal Sources	764,835.29	3.49%	17,427.96	2.33%
Total	\$ 21,910,613.69	100.00%	\$ 172,056.80	0.79%

The increase in local sources is attributable to increases in local tax levy of \$444,664.00 and interest earned of \$2,765.64, offset by decreases in tuition of \$160,114.07, transportation of \$93,618.38 and miscellaneous of \$93,580.78.

The increase in state aid is attributed to increases in various public aid of \$235,424.00, which includes a decrease in on-behalf TPAF pension and health cost and social security contributions of \$180,911.57.

The increase in federal sources is attributed to a net increase in various grant awards in the amount of \$17,427.96.

The following schedule presents a summary of general fund, special revenue fund and debt service fund expenditures for the fiscal year ended June 30, 2014:

Expenditure	Amount	Percent of Total	Increase/ (Decrease) from 2013	Percent Increase (Decrease)
Current:				
Instruction	\$ 7,973,961.25	34.52%	\$ 131,494.37	1.68%
Undistributed Expenditures	12,444,980.23	53.87%	159,575.31	1.30%
Capital Outlay	2,493,162.91	10.79%	993,254.25	66.52%
Debt Service:				
Principal	130,000.00	0.56%	(67,000.00)	-34.01%
Interest	58,938.83	0.26%	51,058.83	647.95%
Total	\$ 23,101,043.22	100.00%	\$ 1,268,382.76	5.81%

The increase in instructional expenditures is attributed to increases in regular instruction wages of \$152,950.89, offset by reductions in special education instruction of \$454.97 and other instruction of \$21,001.55.

The increase in Undistributed Expenditures was attributed to increased student support costs of \$20,235.82, in tuition costs of \$123,878.71, pupil transportation costs of \$108,581.99 and employee benefits of \$205,646.16, on-behalf TPAF pension and social security contributions of \$180,911.57, offset by decreases in other administrative line items of \$54,488.64 and plant operations and maintenance of \$63,367.16,

The increase in capital outlay expenditures was attributed to equipment purchases and major renovations to several township schools.

Debt service increased due an increase in bond principal and reduced interest payments requirement.

General Fund Budgeting Highlights

The District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2014, the District amended its General Fund budget as needed. The District uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

While the District's final budget for the general fund anticipated that budgeted fund balance plus revenues would roughly equal expenditures, the actual results for the year show an increase to fund balance of \$1,015,893.65, due to an excess in revenue of \$1,029,539.65, less transfers to charter school of \$13,206.00 and capital project fund of \$440.00. Actual revenues were \$313,914.47 higher than expected, excluding on-behalf pension and social security of \$1,438,142.73. Actual expenditures were \$1,415,747.40 less than expected. Actual revenues and expenditures exclude \$1,438,142.73 in reimbursed social security and on-behalf TPAF pension and retired medical cost, which are non-budgeted reimbursements from the state. Other financing sources were expected. Therefore, a positive variance of \$1,729,221.87 resulted from final budget to actual results of operations for the school year ended on June 30, 2014.

Capital Assets

At the end of the fiscal year 2014, the District had \$11,521,734.55 invested in land, buildings, furniture and equipment, and vehicles. Table 4 shows fiscal year 2014 balances compared to 2013:

Table 4
Capital Assets (Net of Deprecation) at June 30

	<u>2014</u>	<u>2013</u>
Land	\$ 200,445.50	\$ 200,445.50
Construction in Progress	0	1,287,891.44

Totals	<u>\$11,521,734.55</u>	<u>\$9,558,339.11</u>

Overall capital assets increased \$1,963,395.44 from fiscal year 2013 to fiscal year 2014. Increases of \$2,484,671.91 in capital assets (primarily buildings and improvements, machinery and equipment) were offset by retirements of \$4,177.00 and depreciation expenses for the year of \$517,099.47.

Debt Administration

At June 30, 2014 the District had \$2,445,636.61 as outstanding debt. Of this amount, \$243,636.61 is for compensated absence and the balance of \$2,202,000.00 is for school construction bonds. At June 30, 2014, the District's overall legal debt margin was \$33,061,801 and the unvoted debt margin was \$30,859,801 or 93%.

**Township of Franklin School District
Franklinville, New Jersey**

For the Future

The Township of Franklin School District is presently in good financial condition. However, future finances are not without challenges as state and federal funding may be unstable. The District is also dealing with implementing a 2% cap on tax revenues to support appropriations. New teacher evaluation initiatives will create the need to budget for additional professional development for teaching staff members and administrators as we meet the demands of this mandate.

The Township of Franklin is primarily a residential/rural community, with very few significant ratables; thus the burden is focused on homeowners to foot the tax bill.

The fiscal outlook in the near term is a concern for most school districts and municipalities, including this one. Top-down changes in funding will require flexibility and very careful planning at the local level. The Township of Franklin School District will continue to employ prudent and responsible fiscal practices to maintain its sound financial condition.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. TOWNSHIP OF FRANKLIN SCHOOL DISTRICT
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Net Assets
to the Statement of Activities
For the Fiscal Year Ended June 30, 2014

Total Net Change in Fund Balances - Governmental Funds (from B-2) \$ (1,203,635.53)

Amounts reported for governmental activities in the Statement
of Activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures.
However, on the Statement of Activities, the cost of those assets is allocated
over their estimated useful lives as depreciation expense. This is the amount
by which capital outlays exceeded depreciation in the current fiscal year.

Depreciation expense	\$ (508,502.19)	
Fixed Asset Adjustment	(4,177.00)	
Capital outlay	<u>2,493,162.91</u>	
		1,980,483.72

Repayment of bond principal is an expenditure in the governmental funds,
but the repayment reduces long-term liabilities in the Statement of Net Position
and is not reported in the Statement of Activities.

130,000.00

In the Statement of Activities, interest on long-term debt in the Statement
of Activities is accrued, regardless of when due. In governmental funds,
interest is reported when due.

(10,960.00)

In the Statement of Activities, certain operating expenses, e.g. compensated
absences are measured by the amounts earned during the year. In
governmental funds, however, expenditures for these items are reported
in the amount of financial resources used (paid).

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The Township of Franklin School District is organized under the Constitution of the State of New Jersey. The District operates under a locally elected board form of government consisting of nine members elected to three-year terms, which are staggered. The District provides educational services as authorized by state and federal guidelines.

The District is a Type II district and serves an area of 54 square miles. It is located in Gloucester County and provides education for all of the Township of Franklin's K through 6 students, as well as having a preschool program for handicapped children. The District currently operates four instructional buildings, a bus garage/maintenance building, a storage building, and an administrative building. The District services approximately 1,393 students.

Reporting Entity

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- the organization is legally separate (can sue or be sued in their own name);
- the District holds the corporate powers of the organization;
- the District appoints a voting majority of the organization's board;
- the District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden to the District; and
- there is fiscal dependency by the organization on the District.

Based on the aforementioned criteria, the District has no component units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of the Township of Franklin School District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

In June 1999, the Governmental Accounting Standards Board (GASB), unanimously approved Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. This Statement provides for the most significant change in financial reporting over twenty years and is scheduled for a phase-in implementation period (based on amount of revenues) starting with fiscal years ending 2002 (for larger governments). In addition, the school district has implemented GASB Statement No. 37, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus*, Statement No. 38, *Certain Financial Statement Note Disclosures* and GASB No. 54 *Fund Balance Reporting and Governmental Fund Type Descriptions*.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

A. Basis of Presentation

The District's basic financial statements consist of District-wide statements, including a statement of Net Position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

District-wide Statements - The statement of Net Position and the statements of activities display information about the financial activities of the overall district, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The statement of Net Position presents the financial condition of the governmental and business-type activities of the District at the fiscal year end.

The statement of activities presents a comparison between direct expenses and program revenues for each different business-type activity of the District and for each function of the District's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses - expenses of the District related to the administration and support of the District's programs, such as personnel and accounting - are not allocated to programs.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

Fund Financial Statements - During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - *governmental*, *proprietary*, and *fiduciary* - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting.

B. Fund Accounting

Governmental Fund Types

The focus of Governmental Fund measurement is upon determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income. The District reports the following major governmental funds:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (cont'd)

Governmental Fund Types (cont'd)

General Fund - The General Fund is the general operating fund of the District. It is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay subfund.

As required by the NJDOE, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board motion.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. In 2004-05, there was a project for the replacement of windows and re-roofing at the Reutter school and a school facilities project at Main Road School, both were partially funded by NJEDA.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary-Fund Types

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows, based on generally accepted accounting principles applicable to those similar to businesses in the private sector. The District reports the following major proprietary funds:

Enterprise (Food Service) Fund: The Enterprise Fund accounts for all revenues and expenses pertaining to cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the costs (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (cont'd)

Proprietary-Fund Types (cont'd)

The District's Enterprise Fund is comprised of the Food Service Fund.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or non-current, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Food Service Fund Equipment 7 – 20 Years

Fiduciary-Fund Types

Fiduciary Funds include Expendable Trust, Nonexpendable Trust and Agency Funds. The measurement focus of the Expendable Trust Funds is the same as for governmental funds. The measurement focus of the Nonexpendable Trust Funds is similar to Proprietary Funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The following is a description of the Fiduciary Funds of the School District:

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Nonexpendable Trust Fund - A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. As of June 30, 2014, this District had no transactions to record within the Nonexpendable Trust Fund.

Expendable Trust Fund - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Trust funds account for assets where both the principal and interest may be spent. Expendable Trust Funds include unemployment compensation insurance.

Agency Funds - Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include payroll and student activities funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, Proprietary and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of Unearned Revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year.

The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable." Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

D. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the winter of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(f) 1. All budget amendments must be approved by school board motion. All budget amounts presented in the accompanying supplementary information reflect the original budget and amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Budgets/Budgetary Control (cont'd)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental type funds. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures, and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

A reconciliation of the special revenue funds from the budgetary basis of accounting (as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General, Special Revenue and Debt Service Funds) to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types is shown on Exhibit C-2.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The District's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recorded in the accounting period in which they are earned and expenses are recorded at the time liabilities are incurred.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Encumbrance Accounting

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditures of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the Special Revenue Fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund for which the District has received advances are reflected in the balance sheet as Unearned Revenues at fiscal year end. The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

F. Assets, Liabilities and Equity

Interfund Transactions

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

Inventories

On district-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method and are expended when used. Inventory consists of donated and purchased food. Inventory in the Food Service Enterprise Fund as of June 30, 2014 consisted of the following:

Food	\$ 5,530.24
Commodity Food	7,813.19
Supplies	<u>3,195.11</u>
Total	<u>\$16,538.54</u>

The value of federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1986, as revised) is the difference between market value and cost of the commodities at the date of purchase and is included as a non-operating and Unearned Revenue in the financial statements.

Capital Assets

The District has established a formal system of accounting for its capital assets. Capital assets acquired or constructed are recorded at original cost. The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend assets' lives are not capitalized.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Assets, Liabilities and Equity (cont'd)

Capital Assets (cont'd)

Capital assets are depreciated in the district-wide statements using the straight-line method of the following estimated useful lives:

School Buildings	50	Office and Computer Equipment	5-10
Building Improvements	20	Instructional Equipment	10
Vehicles	8	Grounds Equipment	15

G. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee earns the rights to the benefits. District employees earn vacation and sick leave in varying amounts under the District's personnel policies. In the event of termination, an employee is generally reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after one year of service. The liability for vested compensated absences of the governmental fund types is recorded as a liability in the statement of Net Position. The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits are accrued to employees.

As of June 30, 2014 there was no liability for compensated absences in the Proprietary Fund. The liability for compensated absences was accrued using the vesting method, whereby the liability is calculated based upon the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. Salary-related payments for the employer's share of social security and medicare taxes are included.

H. Net Position

Net Position represents the difference between assets and liabilities. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Position is available.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

I. Unearned Revenue

Unearned Revenue in the Special Revenue Fund represents cash, which has been received but not yet earned.

J. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

K. Fund Balance Reserves

The District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

L. Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within 60 days of the fiscal year end.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or for the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

M. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

N. Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

O. Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, have been reported as being unallocated. Depreciation expense has also been reported as unallocated.

P. Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

W. Bond and Lease Acquisition Costs

As part of any long-term bond or lease agreement, providing for the use of school buildings, payments constituting professional lease acquisition and other related professional fees will be expensed when incurred in accordance with GASB Statement No. 65. During the year ended June 30, 2013, there was \$42,054.20 in bond issue costs that was expensed.

X. New Accounting Standards

During fiscal year 2013, the district adopted the following GASB statements:

- GASB 62, *Codification of Accounting and Financial reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The objective of this Statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

X. New Accounting Standards (Cont'd)

- GASB 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The objective of this Statement is to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effect in a government's net position. It alleviates uncertainty about reporting those financial statement elements by providing guidance where none previously existed.
- GASB 65, *Items Previously reported as Assets and Liabilities*, although not required to be implemented until next year, the District elected to apply the statement to the current year financial statements. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items were previously reported as assets and liabilities and recognize, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB 66, *Technical Corrections-2012, an Amendment of GASB Statements 10 and 62*, will be effective beginning with the year ending June 30, 2014. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, Fund Balance Reporting and Governmental Fund Type Definitions and No. 62, Codification of Accounting and Financial reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.
- GASB 67, *Financial Reporting for Pension Plans*, an Amendment of GASB 25, will be effective beginning with the year ending June 30, 2014. The objective of this Statement is to improve financial reporting by state and local governmental pension plans. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision- useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This statement replaces the requirements of Statement No. 25, Financial reporting for Deferred Benefit Pension Plans and Note Disclosures for Defined Contribution Plans and No. 50, Pension Disclosures, as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain criteria. The District does not expect this Statement to impact its financial statements.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, amounts in deposits and short-term investments with maturities of three months or less. Investments are stated at cost, or amortized cost, which approximates market. The amortized cost method involves valuing a security at its cost on the date of purchase and thereafter assuming a constant amortization to maturity for any discount or premium. The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than 12 months from the date of purchase, as investments.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least five percent of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100 percent of the amount exceeding 75 percent. All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States of America or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than 12 months from the date of purchase.
- c. Bonds or other obligations of the school district.

As of June 30, 2014, cash and cash equivalents in the fund financial statement of the District consisted of the following:

	Cash and Cash <u>Equivalents</u>
Checking accounts (money market)	\$3,846,342.31
Capital reserve (money market)	<u>784,999.22</u>
Total	<u>\$4,631,341.53</u>

Custodial Credit Risk

All bank deposits and investments as of the balance sheet date are entirely insured or collateralized by a pool maintained by public depositories as required by the Governmental Unit Protection Act and are classified as to credit risk by the following three categories described below. Custodial Credit Risk for deposits is the risk that, in the event of a bank failure, the districts deposits may not be returned to it.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Custodial Credit Risk (Cont'd)

Although the district does not have a formal policy regarding custodial credit risk, as described in Note 1, N.J.S.A. 17:9-41 et. Seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Protection Act. The Board of Education designates and approves a list of authorized depository institutions based on an evaluation of solicited responses and presentation of GUDPA certifications provided by the financial institutions.

The District does not place a limit on the amount that may be invested in any one issuer. As of June 30, 2014, the District's bank balances of \$4,962,018.32 were insured or collateralized as follows:

Insured by Depository Insurance	\$ 250,000.00
Collateralized under GUDPA	<u>4,712,018.32</u>
Total	<u>\$4,962,018.32</u>

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

Credit Risk - Credit risk is the risk that an issuer of an investment will not fulfill its obligations. The District does not have a policy that restricts investment choices beyond Title 18A:20-37.

4. CAPITAL RESERVE ACCOUNT

A Capital Reserve Account was established by the Township of Franklin School District, in prior years, which was certified for taxes, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The Capital Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long-Range Facility Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a District may deposit funds into the capital reserve at any time upon board resolution through a transfer of undesignated, unreserved general fund balance or of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2013 to June 30, 2014 fiscal year is as follows:

Beginning balance, July 1, 2013	\$ 776,942.98
Deposits	922,196.00
Interest earnings	<u>8,056.24</u>
	1,707,195.22
Less: Withdrawals	<u>0</u>
Ending balance, June 30, 2014	<u>\$1,707,195.22</u>

The June 30, 2014 LRFP balance of local support costs of uncompleted capital projects at June 30, 2014 is \$8,117,822.10. There were no withdrawals from capital reserve during the year.

**Township of Franklin School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2014**

5. INTERFUND RECEIVABLE AND PAYABLE

Interfund balances reflected on the balance sheets at June 30, 2014 are as follows:

	<u>Due From</u>	<u>Due to</u>
General Fund	\$138,582.83	
Special Projects Fund		\$68,638.40
Payroll Agency Fund		69,944.43

6. MAINTENANCE RESERVE

A Maintenance Reserve was established by the Township of Franklin School District in the 2010-11 school year in the amount of \$435,186 and another \$575,303 was added in the 2011-12 year, resulting in a balance of \$1,010,489 at June 30, 2013. 11. PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:3B and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

Significant Legislation - P.L. 2011, c.78, effective June 28, 2011, made various changes to the manner in which TPAF and PERS operate and to the benefit provisions of those systems.

The legislation's provisions impacting employee pension and health benefits include:

- For new members of TPAF and PERS hired on or after June 28, 2011 (Tier 5 members), the years of creditable service needed for early retirement benefits increased from 25 to 30 years and the early retirement age increased from 55 to 65.
- The eligibility age to qualify for a service retirement in the TPAF and PERS increased from age 62 to 65 for Tier 5 members.

11. PENSION PLANS (CONT'D)

Significant Legislation (Cont'd) -

- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members) decreased from 65 percent of final compensation to 60 percent of final compensation after 25 years of service and from 70 percent of final compensation to 65 percent of final compensation after 30 or more years of service.
- It increased the TPAF and PERS active member rates from 5.5 percent of annual compensation to 6.5 percent plus an additional 1 percent phased-in over 7 years for members hired or reappointed on or after June 28, 2011. For Fiscal Year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contributions for TPAF and PERS members takes place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries was suspended. COLA increases may be reactivated at a future date as permitted by this law.
- It changed the method for amortizing the pension system's unfunded accrued liability (from a level percent of pay method to a level dollar of pay method).

P.L. 2010, c.3, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the TPAF and PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the States Defined Contribution Retirement Program.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5 percent of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost - of - living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

11. PENSION PLANS (CONT'D)

During the fiscal year ended June 30, 2014, there was a contribution by the State of New Jersey to the TPAF for pension contributions of \$317,195 and post-retirement benefits on behalf of the District in the amount of \$520,080. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$600,868 during the year ended June 30, 2014 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund statements and schedules as revenues and expenditures in accordance with GASB 24.

12. POST-RETIREMENT BENEFITS

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2013, there were 100,134 retirees receiving post-retirement medical benefits and the State contributed \$1.07 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 c 62. Funding of post retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The state paid \$173.8 million toward Chapter 126 benefits for 17,356 eligible retired members in Fiscal Year 2013.

13. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has chosen to purchase insurance to transfer risks to outside parties.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Business Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Employee Contributions/ Interest Earned</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2013-2014	None	\$ 22,209.38	\$37,254.12	\$316,460.50

14. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Met Life
American General Securities
Aspire Financial Services

Ameriprise
Lincoln Investment
Axa Equitable

Vanguard Group
Voya Financial

15. FUND EQUITY

General Fund - Of the \$3,148,890.85 General Fund balance at June 30, 2014, \$527,776.84 is restricted and committed for encumbrances; \$1,707,195.22 has been restricted in the Capital Reserve Account, of which \$776,942.98 has been appropriated and included as anticipated revenue for the year ending June 30, 2015 ; \$1,438,293.00 has been restricted in the Maintenance Reserve, of which \$359,987.00 has been appropriated and included as anticipated revenue for the year ending June 30, 2015; \$62,878.00 is reserved as excess surplus in accordance with N.J.S.A. 08A:7F-7 all of which has been appropriated and included as anticipated revenue for the year ending June 30, 2015; No other amount has been assigned and appropriated and included as anticipated Revenue for the year ended June 30, 2015 and (\$587,252.21) is the deficit in unreserved fund balance.

The above amounts exclude the 19th and 20th state aid payments, in the amount of \$818,757.00 which was not received until July 2014 versus \$809,361.00 at June 30, 2013.

Debt Service Fund - The Debt Service Fund balance at June 30, 2014 is \$16,851.89, of which \$16,531.00 has been assigned, appropriated and included as anticipated Revenue for the year ended June 30, 2015.

16. LITIGATION

Per the Solicitor, there is one complaint that has been filed with the New Jersey Division of Civil Rights of which no material liability is anticipated by the solicitor, as the insurance is responsible for the majority of any sum which is ultimately paid.

A complaint has been filed in Superior Court regarding the dismissal of an employee, of which the solicitor does not believe the Board faces any significant liability in this matter.

The administration and legal council are not aware of any other matters pending or threatened, which are likely to have a material adverse effect on the financial position of the District.

A Torts Claim notice was filed by an employee claiming injury in the workplace. There is not believed to be any significant basis for this claim, as no complaint has been filed nor further correspondence received.

17. SENDING RECEIVING CONTRACT

The District continues to operate under an agreement with the Newfield Board of Education to accept elementary students.

18. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. There is no excess fund balance at June 30, 2014, which must be appropriated in the 2015-16 budget.

19. DEFICIT FUND BALANCES

The District has a deficit fund balance of \$587,252.21 in the General Fund and none in the Special Revenue Fund as of June 30, 2014 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last two state aid payments as revenue, for budgeted purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the state is recording the last state aid payment in the subsequent fiscal year, the school district cannot recognize the last state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the last two state aid payments, the General Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to N.J.S.A. 18A:22-44.2, any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the payment of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The District deficit in the GAAP fund statements in the General Fund is less than the last two state aid payments.

20. SUBSEQUENT EVENTS

There were no events subsequent to the audit date required to be disclosed. The District, however, continues to be involved in discussions and negotiations regarding regionalization.

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net Valuation Taxable.

b Rates for debt service are based on each year's requirements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Franklin. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Township of Franklin School District
County of Gloucester
Franklinville, New Jersey 08322

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Township of Franklin School District, in the County of Gloucester, State of New Jersey, as of and for the fiscal year ended June 30, 2014, which collectively comprise the Board of Education of the Township of Franklin School District's basic financial statements and have issued our report thereon dated November 19, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

Management of the Board of Education of the Township of Franklin School District, in the County of Gloucester, State of New Jersey, is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Franklin Township Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Franklin Township Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Franklin Township Board of Education's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Franklin Township Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

This report is intended solely for the information and use of the audit committee, management, the Franklin Township Board of Education, the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF AWARDS REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Township of Franklin School District
County of Gloucester
Franklinville, New Jersey 08322

Report on Compliance for Each Major Program

We have audited the Board of Education of the Township of Franklin School District, in the County of Gloucester, State of New Jersey, compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Township of Franklin School District major federal and state programs for the fiscal year ended June 30, 2014. The Franklin Township Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the Franklin Township Board of Education's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Franklin Township Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Franklin Township Board of Education's compliance with those requirements.

Opinion on Each Major Program

In our opinion, the Township of Franklin School District's Board of Education, in the County of Gloucester, State of New Jersey, complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the Township of Franklin School District's Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered Franklin Township Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Franklin School District's Board of Education's internal control over compliance.

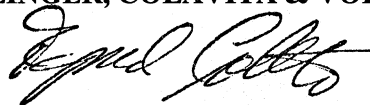

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance; such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a major program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the information and use of the audit committee, management, the Franklin Township Board of Education, the New Jersey State Department of Education, other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule.

Township of Franklin School District
Notes to the Schedules of Expenditures of Awards and Financial Assistance
For the Fiscal Year Ended June 30, 2014

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Township of Franklin School District. The Board of Education is defined in Note 1 to the Board's basic financial statement. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, is included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A., 18A:22-44.2*. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund, where applicable, also recognizes the one or more state aid June payments in the current budget year, consistent with *N.J.S.A. 18A:22-4.2*.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$9,396.00) for the general fund and (\$7,998.37) for the special revenue fund. See Note 1 (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.
